Past performance is not a reliable indicator of future performance.

Performance is net of fund manager fees and charges. Performance is on an exit price to exit price for the period and assumes that all distributions are reinvested. Investment management fees, other fees, expenses and tax (where applicable) are accounted for in the exit prices. Unit prices may rise and fall in line with the value of the underlying assets. Neither IIML, NAL, the investments managers, nor any of their related bodies corporate, guarantee the performance or any rate of return of the investments. To the extent permitted by law, no liability is accepted for any loss or damage as a result of any reliance on this information. This performance Summary may be considered to be general financial product advice only, and is not intended to represent investment or professional advice and does not take in to account your individual financial circumstances. You should consider the appropriateness of this information, having regard to your individual financial circumstances. A Product Disclosure Statement (PDS) should also be obtained and you should consider the PDS in deciding whether to acquire, or to continue to hold, any investment.
